CAREER OBJECTIVE

Creative and detail-oriented Computer Science student with practical experience in frontend development and UI/UX design. Skilled in HTML, CSS, JavaScript, Bootstrap, Figma, and WordPress, with a strong grasp of responsive design and modern web development practices. Passionate about building user-friendly digital experiences and continuously enhancing technical skills.

TECHNICAL SKILLS

- **Programming Languages:** Java, C, JavaScript
- **Frontend:** HTML5, CSS3, Bootstrap, React
- **Backend:** Node.js, Express.js
- **Database:** SQL, MongoDB
- **UI/UX Design & Tools:** Figma, WordPress, Git, GitHub

PROJECTS

Harness Fashion E-Commerce UI & Prototype (Figma)

- Designed high-fidelity UI screens and interactive prototypes for a fashion e-commerce platform.
- Developed user flows for product discovery, product details, and shopping interactions.
- Applied UI/UX principles, typography, color theory, and layout consistency for a modern interface.

Disaster Relief Coordination App (MERN Stack)

- Developed a full-stack app to facilitate communication and information sharing during emergencies.
- Integrated frontend and backend with RESTful APIs for seamless data exchange and efficient coordination.
- Designed responsive interfaces for desktop, tablet, and mobile; used MongoDB for disaster data storage.

Campus Connect Hub (MERN Stack)

- Developed a responsive campus management platform to centralize activities, student services, and operations.
- Designed role-based dashboards for students, staff, and administrators to streamline management.
- Implemented modules for event management, campus communication, and student service requests.

PROFESSIONAL EXPERIENCE

UI/UX Designer (Lead) — WebZenith Solutions (Remote) *April 2025 – September 2025*

- Led design of responsive user interfaces through wireframes, prototypes, and user-centered designs for clients.
- Created reusable design components with consistent styling to improve design efficiency and usability.

Full-Stack Development — TechnoHacks Solutions Pvt. Ltd. (Remote) *June 2026 – July 2026*

- Engineered responsive full-stack web apps using the MERN Stack, RESTful APIs, and database integration.
- Built reusable UI components and responsive layouts for a consistent experience across devices.

EDUCATION

Bachelor of Engineering (B.E.) — Computer Science and Engineering *2023 – 2027*

S.A. Engineering College, Chennai | CGPA: 8.38/10 (up to Semester VI)

CERTIFICATES

- Programming in Java — NPTEL
- Software Testing — NPTEL
- Frontend Development — Infosys Springboard
- UI/UX Design — WebZenith Solutions

COMPETITIVE CODING PROFILE & ACHIEVEMENTS

- Solved 500+ problems on SkillRack and 70+ problems on HackerRank
- Participated in the Ideathon — Sri Ramachandra Faculty of Engineering, Mindspark 2025
